# EQUUS IN ACTION

**N**estled amidst the natural beauty of the Blue Mountains lies an equestrian facility dedicated to understanding the Equine. **Equus Equestrian Centre** is a complete teaching and training facility at the foot of *Osler Bluff Ski Club on Grey Road #19*. Our goal is to introduce new students to the wondrous world of horses and help to strengthen the skills of existing riders. **We focus on safety, and our theme is fun.** We combine these together to form a complete program for riders and our equine friends. We promote both recreational and com-

petitive riding with an emphasis on the eventing disciplines using well-schooled, competent and friendly horses.

Students will have the opportunity to participate in extra-curricula activities involving musical rides, gymkhana days, field trips (off-property cross-country schooling), clinics presented by international clinicians, and on-property combined training events.

Those students interested in pursuing their Canadian Equestrian Federation Level One Coaching Certification are invited to join our Working Student Program. Students will learn and practice all aspects of horse management while gaining first-hand experience in coaching. Each

program is individually customized to meet the scheduling requirements of the student. The program includes lectures on horse management comprising of; barn management, health and first aid, and the latest coaching techniques. Lessons are also included to further their riding proficiency.

**Equus Equestrian Centre** would like to extend to you an invitation to join us on **Saturday, October 30th, 1999 from 3:00 p.m. to 5:00 p.m. for our Grand Opening Celebration.** Enjoy light refreshments and tasty treats while meeting our friendly school horses. We welcome the opportunity to introduce you and your family into our world of horses and encourage all guests to tour the facility and meet our staff and equine friends.
