**PRESS RELEASE
GRAND OPENING
VALLEY RIDGE
EQUESTRIAN CENTRE**

© 2000 Donna Boucher BFA, BEd, MA

COLLINGWOOD, ON, November 24th, 2000 –

High atop Blue Mountain, at 1700 ft above sea level, sits an incredible new boarding facility that is sure to make horse and rider feel like royalty. Valley Ridge Equestrian Centre is the highest equestrian centre in Ontario due to its elevation. This magnificent facility also has the largest indoor arena in the area, that due to its construction, will keep horses and riders warm in the winter and cool in the summer.

Dedicated to the care of you and your horse, Valley Ridge provides individual feed programs, well ventilated and large box stalls, a heated wash stall, and miles of hacking on private trails for your enjoyment.

Like a scene from "Dallas", visitors are greeted by a stone pillar entranceway that whisks you down a laneway lined with charming country lamps, and soon to be landscaped grounds.

Julia Hadfield is the manager at Valley Ridge and brings with her years of experience in caring for and competing with horses. Becky DeHaas, whose vibrant personality, competitive experience, and knowledge of riding are combined to provide you with exceptional CEF certified coaching.

Visit Valley Ridge on Sunday, December 10th, 2000, for a grand opening celebration of their exceptional facility. From 2:00 to 7:00 pm Valley Ridge will be yours to discover and enjoy.

Should you have any questions about this new facility, please don't hesitate to contact Julia or Becky at (705) 444-2350.
